Highway Safety Office

**Phone down.
Headphones off.
Buckle up.**

#WALKSAFE

1. Keep alert at all times; don't be distracted by electronic devices that take your eyes off the road.
2. Whenever possible, cross streets at crosswalks or intersections, where drivers expect pedestrians.
3. Look for cars in all directions, including those turning left or right.
4. Never assume a driver sees you. Make eye contact with drivers as they approach to make sure you are seen.
5. Be visible at all times. Wear bright clothing during the day and wear reflective materials at night.

#DRIVESAFE

1. Look out for pedestrians everywhere, at all times. Safety is a shared responsibility.
2. Use extra caution when driving in hard to see conditions, such as nighttime or bad weather.
3. Yield to pedestrians in crosswalks and give pedestrians room to cross safely.
4. Follow the speed limit and slow down in residential areas, school zones, parks.
5. Be extra cautious when backing up - pedestrians can move into your path.
